

Business Hub Ghana

INDUSTRIAL MRO | SAFETY | ENGINEERING SUPPLIES

CAPABILITY STATEMENT

Downstream Petroleum & Industrial Supply

Industrial Sourcing for Critical Operations

Exact specifications. Reliable supply. Responsive procurement support.

WHO WE ARE

Business Hub Ghana is a Ghana-based industrial sourcing and supply company supporting downstream petroleum, energy, mining and industrial operations. We source routine and hard-to-find MRO, workshop, safety and emergency-response equipment to customer specifications, manufacturer references and OEM part numbers.

CORE CAPABILITIES

Industrial MRO & Workshop Tools

Maintenance tools, socket sets, wrenches, bench equipment and workshop essentials.

Non-Sparking & Specialised Tools

Specialised tool sourcing for industrial and downstream petroleum applications.

HSSEQ & Safety Equipment

Safety equipment and components supporting operational and emergency-response requirements.

Fire & Emergency Response

Fire-protection accessories, burn-response products and emergency shower components.

OEM / Part-Number Sourcing

Exact manufacturer, model and technical-specification sourcing for hard-to-find requirements.

Bulk & Project Procurement

Consolidated supply for recurring requirements, project purchases and multi-line RFQs.

INDUSTRIES SERVED

- Oil Marketing Companies (OMCs)
